# Assigment 1

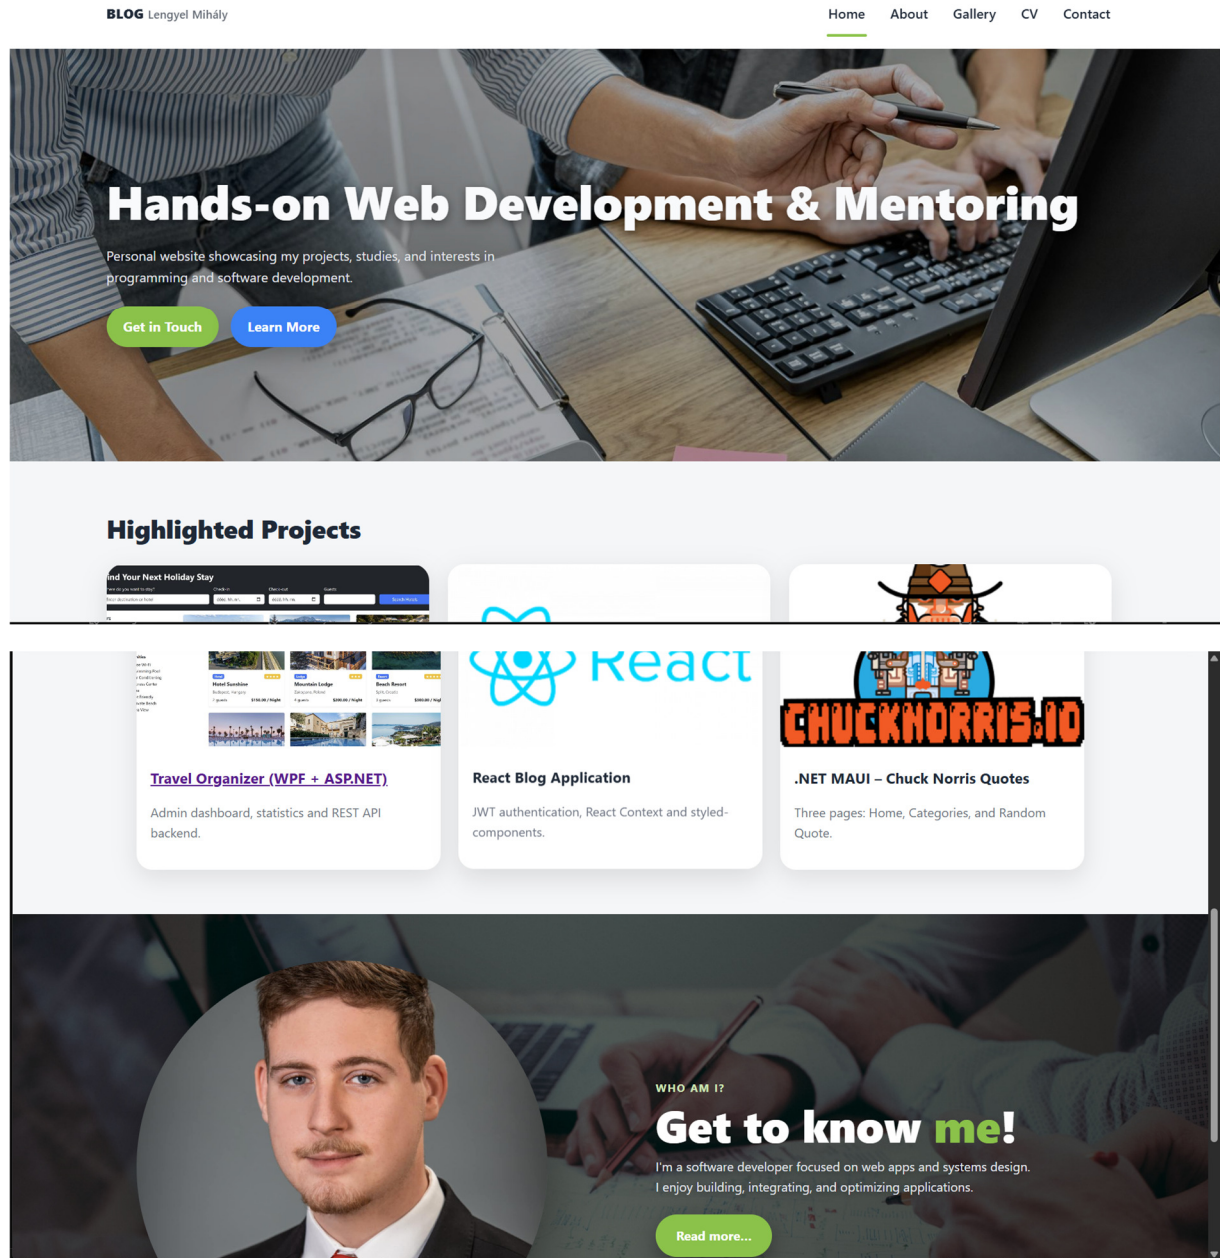

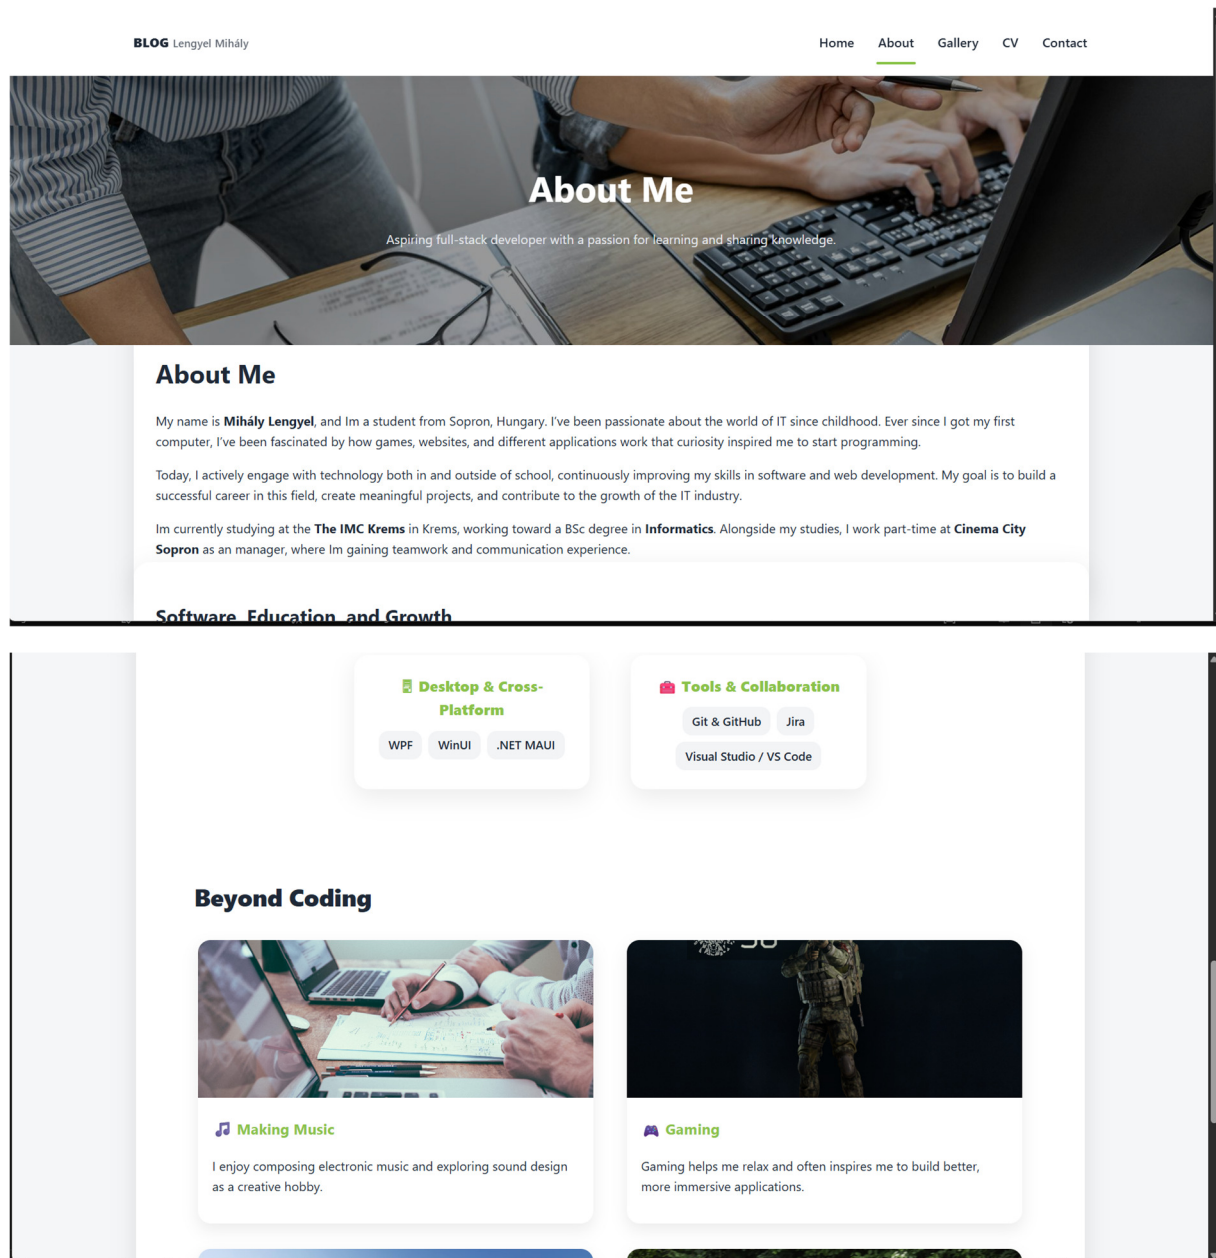

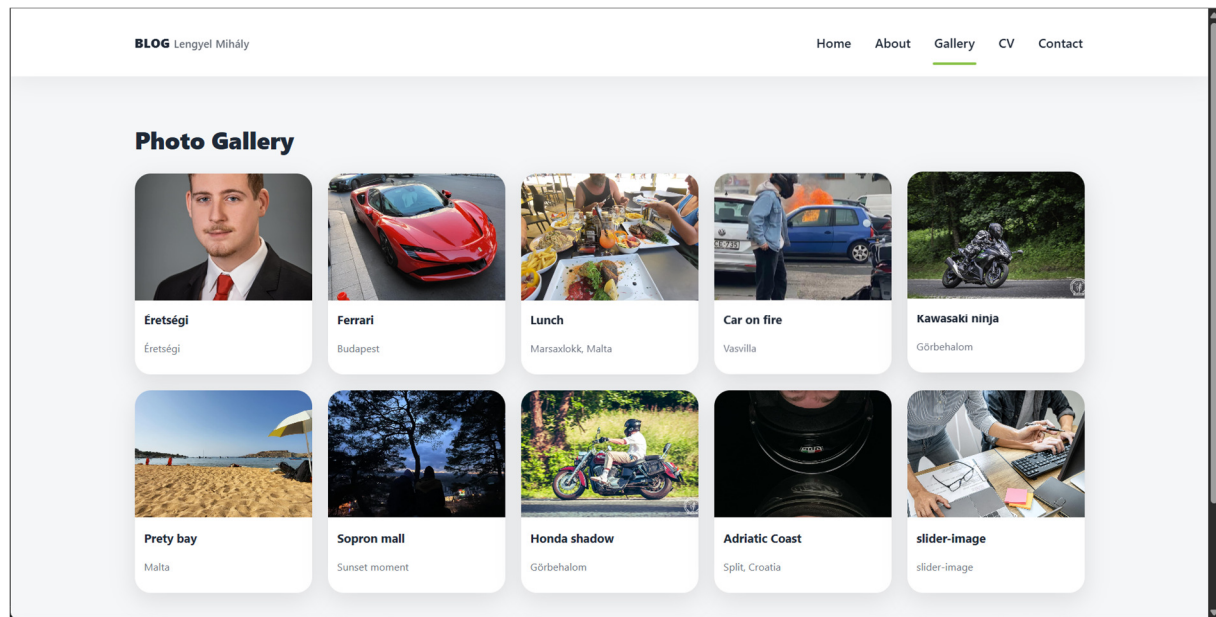

The home page as an introduction
- At the top of the page, there's a hero section with two buttons: one linking to the contact page and the other to the about page
- Cards are used to present projects
- A 'Get to know me' section at the bottom links to the cv page

# About Me

Aspiring full-stack developer with a passion for learning and sharing knowledge.

## About Me

My name is **Mihály Lengyel**, and Im a student from Sopron, Hungary. I've been passionate about the world of IT since childhood. Ever since I got my first computer, I've been fascinated by how games, websites, and different applications work that curiosity inspired me to start programming.

Today, I actively engage with technology both in and outside of school, continuously improving my skills in software and web development. My goal is to build a successful career in this field, create meaningful projects, and contribute to the growth of the IT industry.

Im currently studying at the **The IMC Krems** in Krems, working toward a BSc degree in **Informatics**. Alongside my studies, I work part-time at **Cinema City Sopron** as an manager, where Im gaining teamwork and communication experience.

## Software, Education, and Growth

### 📱 Desktop & Cross-Platform

WPF   WinUI   .NET MAUI

### 🧰 Tools & Collaboration

Git & GitHub   Jira

Visual Studio / VS Code

## Beyond Coding

### 🎵 Making Music

I enjoy composing electronic music and exploring sound design as a creative hobby.

### 🎮 Gaming

Gaming helps me relax and often inspires me to build better, more immersive applications.
